

R. G. VAUGHAN CONVICTED OF MURDER WITHOUT MALICE, GETS 5 YEARS

A Milam County Jury took only one hour and 22 minutes to convict R. G. Vaughan Wednesday of murder without malice and sentenced him to five years in the State Penitentiary.

Argument was completed on the case at 3:15 Wednesday.

The last day of the trial was marked by stirring orations by both the counsel for defense and prosecution, the defense claiming self defense and prosecution claiming the incident had been provoked by Vaughan.

This case was outstanding on several accounts, three of which were the facts that all Milam County records were broken as to the number of veniremen questioned; it took nearly a week to obtain a jury and the defense developed and concluded their case on the prosecution's witnesses.

On Monday after the usual routine of witnesses for the prosecution, including Carl Black, Funeral Director Bill Marek and Dr. J. E. Walker, an eye witness, Mrs. Irene Gandy, was called to the stand.

The main substance of Mrs. Gandy's testimony follows: Parker, the deceased, came into Vaughn's Place about 7 p. m. where Mrs. Gandy was employed as a waitress. He never left the place until the trouble occurred around midnight. During the evening, he bought several beers, including some for Vaughn and soft drinks for Mrs. Gandy both of whom were sitting at the table with Parker, at least part of the evening.

According to Mrs. Gandy's testimony, both Parker and Vaughn became intoxicated and Vaughn ordered Parker to leave which he did. At this point, Mrs. Gandy testified that Vaughn loudly cursed Parker after he had passed through the door onto the walk of Vaughn's Place.

According to her, Parker returned to the door where he was met by Vaughn. Then, said Mrs. Gandy, a fight started between the two men and she ran through the back door and did not return.

From testimony given by the next witness, George Shonka, it developed that Parker and Vaughn started scuffling in the doorway of Vaughn's Place and that the scuffle finally ended approximately six feet inside the door. Shonka testified that he saw the gun in Vaughn's hand and at the climax of the scuffle, saw him use it.

Counsel for the defense announced after the verdict that the case would be repealed.

The only other cases that gained anywhere the same amount of notoriety in Milam County were the Raby Hill Case and the Andrews Case.

Jack Higginbotham Transfers to Amarillo; Services Valuable Here

Jack Higginbotham, highway patrolman, has been transferred to Amarillo.

Mr. Higginbotham will be in Amarillo until the latter part of September. He began his duties in that area on the first of the month. Higginbotham has been patrolman for this area for the past three years and his ability in executing the duties and services with the department over the period of years are to be commended.

Mrs. W. F. Saage to Take Over New Duties Oct. 1

Mrs. W. F. Saage of Rockdale has accepted the position as Milam County School Nurse, according to Hinton Pruett, county superintendent.

Mrs. Saage has been with the Milam County Health Unit for the past three years, Pruett said, and takes over the new position well qualified and capable of executing the duties and responsibilities of this important job.

Her duties with the school will become effective October 1. Mrs. Ruby Brown recently resigned the position to be filled by Mrs. Saage. She is well known in Cameron.

He and Mrs. Higginbotham have made many friends in Cammeron and surrounding communities during their stay here. His services will be greatly missed. His friends are congratulating him upon his promotion.

Mr. Higginbotham will be in Austin during October and November as an instructor in the Highway Patrol Training School after which he will return to Amarillo. They have two children, Sandra, 3 years old, and David 1. Mrs. Higginbotham and children will remain in Cameron until Mr. Higginbotham completes his instruction course in Austin. The family then plans to move to Amarillo.

Four Milam Men Leave For Dallas For Induction

Leaving were Clyde Dodson of Cameron, James Nutt of Thornedale, and Otis Turner and Floyd Johnson both of Cameron.

Yoemen Line Plays Important Role In Victory Here Friday Night

The Cameron Yoemen showed true color Friday night by trouncing the West Trojans 23-7, although grossly outweighed in every department.

The Yoemen started a touch-down drive which ended just short of pay dirt early in the initial quarter.

Eldon Batte, quarterback took the kick-off on his 2-yard line, returning to the Trojan 49. Eddy Lankford picked up 8 yards on the next play. On a hand off from Batte, Ray Thompson broke over right tackle to the Trojan 30, being stopped by Nelson, Trojan halfback. On two line bucks the Yoemen netted 2 yards, however on the next play Batte streaked around left end to the Trojan 11 for a gain of 18 yards. Here the Yoemen were penalized for five yards for backfield in motion. Batte plunged to the seven but on fourth down Thompson was thrown for a loss and the Trojans took over on downs.

On the second Trojan play Larry Lednicki circled left end to his own 29 where he was hit hard and fumbled with Billy Angell recovering. On second down Lankford, refusing to be thrown, bull-dozed through half of the Trojan team to the 10. On third Thompson broke into the clear and raced over the Trojan goal. Alton Logan added the PAT.

On the second play after the kick-off Lednicki heaved a long looping pass to Tension who took it on the Yoemen 29, downed by Angell as the quarter ended.

Russell recovered a fumble on the next play. Lankford fumbled on the second play and the Trojans started their TD drive with Nelson and Lednicki maneuvering the ball on consecutive plays down to the Yoemen four yard line. Nelson dented the Yoemen line to the 2. On the next play Lednicki lugged the ball over for the only Trojan tally of the night.

The offense of both teams bogged down until about three minutes before the half ended when the Yoemen turned on the steam after a recovery taking the ball to the Trojan 5 yard line as the half ended.

Cameron was offside on the kick-off beginning the second half. Lednicki taking Rosenberg's

REV. TOMMIE BOUCHARD

Rev. Tommie Bouchard recently resigned as pastor of the First Christian Church, Cameron to become The Disciple of Christ First State Youth Director.

Rev. Bouchard recently received his Bachelor of Arts degree from Texas Christian University. He is now a student at Brite College of the Bible.

He is well qualified to assume the duties of the new position as he has had considerable experience in C.Y.F. work in Texas, having served as State President in 1948. He was a national officer of the organization in 1949. He served as Youth Director at the Greenville Avenue Christian Church in Dallas, and has been student-pastor at the local church for the past year.

The new director will work in the Department of Religious Education with Chester Crow, director.

The local church keenly feels the loss of Rev. Bouchard as the church has progressed very much under his leadership.

Both Rev. and Mrs. Bouchard made many friends while in Cameron and citizens here are extending them best wishes as they enter their new field of work in the ministry. Their new address is 2909 Lubbock St., Fort Worth, Texas.

375 Men From Texas In November Call

November draft call for Texas is 575 men, Brig. Gen. Paul L. Wakefield, state Selective Service director announced today.

The official call was received from national Selective Service headquarters in today's mail.

The Texas November quota is 32 less than the state quota for October, 41 less than the September quota, 197 less than the August quota, but 208 more than the July quota.

Part of the men to be inducted in November will go to the Marines, as has been the case during the past several months. State draft headquarters and local boards have no control over the factor of the armed service which the man enters.

General Wakefield said his office expected to have local board quotas for the November call figured and in the mail by Wednesday, September 12th.

A dollar is more than we want to blow in a hankie.

He was a veteran of World War I and was wounded on the last day of the war in 1918 in France. He was a member of the Baptist Church.

29th Annual Prison Rodeo Slates Opening Sunday October 7

Only the toughest riders in the Texas Penitentiary will be allowed to ride in the 29th Annual Prison Rodeo opening at Huntsville next month on October 7th. Likewise, only the roughest bucking stock the prison system's vast herds can produce will be driven and prodded into the chutes in Prison Stadium when the show begins.

Right now its round-up time in the prison system's river bottom pastures and th efarthest corners are being combed for rodeo stock that hasn't seen a human being since last year's show. Driving them out of their favorite grazing haunts and loading them for transportation to Huntsville is a big job, what will happen when a wild convict cowboy gets on one's back is anybody's guess.

Water Department Shows Increased Report for Month of August

The Water Department report for the month of August was extremely good. Gross for water revenue for August amounted to \$6,250.28, according to L. W. Smith, superintendent.

This is the largest amount of income received in any one month since the city took over operation of the water department in July, 1950, Smith said.

Such a report could be easily expected due to the continuation of the drought in this area. It was reported that .87 inch of rain fell in the immediate area Tuesday.

Additional revenue of tapping charges, penalties and reconnects and miscellaneous income amounted to \$111.92 for an overall gross income of \$6,362.20.

Expenses for the month included the following: plant operation, \$704.46; maintenance and repair, \$112.90; office expenses, \$57.40; auto, \$6.63; salaries, \$880; etc., \$3.67 for a total of \$1,765.06. After deductions, the net income amounts to \$4,597.06.

Educational Program On Hog Production At Lions Luncheon

A highly educational program was held at the Lions' luncheon, Tuesday, Sept. 4.

Frank Mitchell was in charge of the program and introduced Leo Fuchs, former Lion, who introduced L. D. Steffens, district representative of the Purina Company. Steffens gave a brief talk on the correct management and feeding of livestock and showed an educational film on the proper care of swine for better production.

The film demonstrated how a group of razorbacks of the Ozarks, a type of hog in case Mrs. Canasta does not know what a razorback is, were taken, fed properly and given careful attention and produced more pigs per litter. He emphasized the importance of proper feeding and management so that producers will realize more for their money invested.

The Purina Company is currently holding programs that are both beneficial as well as profitable to farmers and ranchers interested in hog production.

Certified Planting Seed May Be In Abundance for 1952

The year 1951 is the banner year in number of acres of certified planting seed in Texas. The acres certified are in excess of 300,000, according to the actual records of the State Department of Agriculture. This is the highest on record for any one year in the entire history of the department. The largest previous year was in 1949, when 225,000 acres were certified or producers.

This record breaker involves 28 different crops, and 105 various strains and varieties in these 28 different crops. The principle increase comes from cotton acres being certified for planting.

At the completion of all field inspections by the Seed Division of the State Department of Agriculture about the last of September, a list of all producers of these registered and of certified seed in Texas will be available in printed form upon request to the Commissioner of Agriculture, Austin, Texas.

Come in! Try it! FEEL HOW NEW ORIFLOW RIDE MAKES ROUGHEST ROADS BOULEVARD-SMOOTH!

Here's something new in riding smoothness!

Blindfolded you ride over a bumpy road. You're told the ruts are there — but you don't feel them! Gone is the pitch, bounce and jar you experience in other cars as the new Dodge Oriflow Ride levels out the rough spots. And with blindfold off you'll be amazed you traveled over such bumps and chuckholes.

Words alone can't tell it all! That's why we invite you to come in and take this daring "Blindfold Test."

You Could Pay up to \$1,000 More! As you thrill to the new Oriflow Ride, experience Dodge extra roominess... "Watchtower" visibility... ease of handling. Then you'll know why you could pay up to \$1,000 more for a car and still not get all the extra-value features Dodge gives you!

In an Ordinary Car without Oriflow, blindfolded motorists found they were pitched and bounced as they traveled rough, bumpy roads.

In New Dodge With Oriflow, the same passengers found the ride so smooth they could hardly believe they traveled the same road.

SCIENCE and HEALTH

More Meat—Thanks to Science

The average American household's meat budget is being stretched by science this year. One reason poultry and pork are relatively plentiful is the fact that they are being fed on rations containing minute amounts of antibiotic. As little as a third of an ounce of terramycin in a ton of feed will speed up growth so much as to bring broilers to market size at 10 weeks instead of 12. With turkeys and hogs, from four to six weeks are saved. Farmers save time and feed.

Just how antibiotics work is not understood, and research is still being conducted. Antibiotic does not change the character of the meat, except that it comes from younger animals. Antibiotic-fortified rations do kill certain bacteria in the animals' intestines, but at one-third ounce per ton, no measurable antibiotic enters the animal's blood stream. Pigs and poultry fed antibiotics are thrifter. Fewer die, more come to market, and faster.

That last, after all, is what the consumer is interested in — because that means more wishbones, drumsticks and pork chops in the butcher shop and on the table.

Miss Aileen Titsworth, Joe Rogers Married in Church Ceremony Here

Miss Aileen Titsworth, daughter of Mr. and Mrs. E. Titsworth of San Marcos, recently became the bride of Joe Rogers of Buda in a double ring ceremony at First Methodist Church, Cameron.

The groom is the son of Mr. and Mrs. M. O. Rogers. The impressive ceremony was read by Dr. Magers. The altar was flanked with basket arrangements of white gladioli chrysanthemums, maidenhair fern, jade leaves and candelabra.

Preceding the ceremony soft wedding music was rendered by Mrs. Hillard Thomas who accompanied Miss Shirley Horstmann, soloist, who sang, "Because," and "I Love You Truly."

The bride, given in marriage by her brother, Harvey Titsworth, wore a blue sharkskin suit with grey and black accessories. She carried a white prayer book topped with orchids and orange blossoms with maline and satin streamers. The bride is the sister of Dr. Robert Titsworth of Cameron.

Miss Charlotte Cren of Rockport attended as maid of honor. She wore a fuchsia sharkskin suit with orchid colored accessories. Her bouquet was made of fuchsia chrysanthemums and matching ribbons.

The groom was attended by Jerry Milton of Houston as best man. Ushers were Cornelius Titsworth of Buckholts, brother of the bride, and Billy Clyde Schigatt.

The bride's mother chose a navy sheer dress with white accessories. Mrs. Rogers wore a navy blue dress with matching accessories. Both wore orchids corsages.

Immediately following the ceremony, a reception was held on the lawn at the home of Dr. and Mrs. R. M. Titsworth. The bride's table, covered with a lace cloth beautifully designed, held the three-tiered wedding cake that was topped with miniature bride and groom, surrounded by maline.

Mrs. H. C. Black of Rogers, sister of the bride, served the cake.

Mrs. R. M. Titsworth was at the punch service. Mrs. C. Titsworth and Mrs. William Love were at the bride's book.

Baskets of white gladioli and chrysanthemums and fern formed a background for the bride's table.

The bride is a graduate of the San Marcos High School and also SWTSTC, where she was a member of Charles Craddock Society, Kappa Delta Pi, Kappa Lambda Kappa and Who's Who in American Colleges and Universities.

The groom is a senior student at Texas University and a graduate of Buda High School. He is a member of Delta Nu Alpha and M.I.C.A..

The couple will make their home in Round Rock, where Mr. Rogers will continue his studies at the university and Mrs. Rogers will teach in the Round Rock High School.

Mr. and Mrs. Eulan Wiley and daughter of San Antonio spent the week end with his mother, Mrs. R. S. Wiley.

From where I sit ... by Joe Marsh

Easy Makes His "Cat" Tread Lightly

Driving home on Three Ponds Road yesterday, I was flagged down by Easy Roberts' boy Skeeter. "Take it slow," he advised. "Dad's crossing this road with our tractor, just beyond the bend."

Around the curve I saw why Skeeter stopped me. Easy had laid two rows of old truck tires across the road, and was driving his new "Cat" tractor over them!

"More trouble this way," Easy explains, "but it does keep those tank tracks from tearing up the asphalt when I have to cross over to our other fields. After all, the

roads belong to all of us—and I guess I'd get mad if someone else chewed them up."

From where I sit, Easy is my kind of citizen. He doesn't just give democracy lip service. He honestly believes it's his duty to consider the other fellow's interests. Whether it's the right to use the public highways or the right to enjoy an occasional glass of beer, Easy's out to protect his neighbor's "right of way."

**Draft News Issued
By Local Board**

(Editor's note: This is the second of a series of five articles dealing with various classifications given under the draft law by Milam County Local Draft Board No. 92.)

The second main class men are placed in Class II. Any man placed in this class is deferred from service in the armed forces because of something he's doing in civilian life that's considered necessary for the country.

We find three sub-classifications under Class II: II-A, II-A-S, and II-C.

Class II-A is given a man who is considered to have a civilian job necessary to the national interest,

such as an important technician in a plane plant.

In Class II-A-S are placed students whose studies are considered important to the future welfare of the nation. In giving this classification, the draft board takes into consideration how good a man is in his studies, the grades he makes, and any other information it wants to consider.

Class II-C is given to men whose farming activities are considered essential to the common welfare. A man can't get a II-C classification just because he lives on a farm or farms by "remote control." He has to produce substantially.

If a man gets any of these classifications, it doesn't mean he's excused from military service. Far from it. He's merely deferred for a certain period. The local board can't defer him for more than a year. Then his case must be reopened to see if he merits further deferment. A deferment can be

**Milam Accepts Quota,
75 New Scouts, States
Chairman R. Bush**

The Heart O' Texas Council Fall Round-up will kick off in each district during September, announced A. P. Rowland, council president.

The council has signed a mortgage to round up 1,120 new Cubs, Scouts and Explorers on or before Dec. 7. Each of the ten districts has signed a mortgage for this share of the total council quota.

We feel that there is additional leadership available for new units and that there are Cub Packs, Scout Troops and Explorer Posts which need to recruit to full strength, so if every one of our present leaders joins in on the Round-up program we can go over the top by Dec. 7.

Each Cub Pack, Scout Troop, and Explorer unit will have a "mortgage plastering of the Unit" in an amount agreed upon by the unit payable by Dec. 7. Rowland stated that this Round-up will mean much to the new boys recruited into Scouting.

Milam District has accepted a quota of 75 new boys by Dec. 7, stated Richard Bush, district chairman.

**Dr. Mark Magers
Attends District
Meeting at Bryan**

Dr. Mark Magers attended a district meeting of the Bryan Methodist district Wednesday, Sept. 5.

The purpose of the meeting was to complete arrangements of the State Visitation Evangelist campaign.

Visitation will be exchanged between the Bryan and Plainview districts which will begin Oct. 7, 1951. Men from the Plainview area will visit churches in this district in October. Later in the year men from this district will make a visitation tour of the Northwest district.

withdrawn when reasons for which it was given cease to exist.

The man who is classified in Class II gets an added responsibility thrust upon him. The man who never gets deferred has no more responsibility for service under present draft law when he reaches age 26. The man deferred in Class II is liable for service until he's 35 years old.

**District Meeting of
U.C.C.W. Scheduled
Monday, Sept. 17**

The annual district meeting of United Council of Church Women has been set for Monday, Sept. 17 according to Mrs. J. L. Callaway, president of the local organization.

This is a meeting of district nine and will be held at First Methodist Church, Cameron, from 9:30 a.m. to 3 p.m.

District president, Mrs. R. F. Mickle of Waco will be in charge of formalities, Mrs. Callaway said. Theme of program is "Live by Faith."

Registration is scheduled to begin at 9:30, quiet music at 9:45; congregational singing, meditation and prayer by Mr. W. O. Triggs; welcome address by Mrs. Mickle; workshop division by Mrs. Lacy W. Goosetree, state field secretary. She will be assisted by Mrs. Felix Harris, Mrs. Charles Eidson, and Mrs. John Hanna and other state officers. A free will offering will be taken.

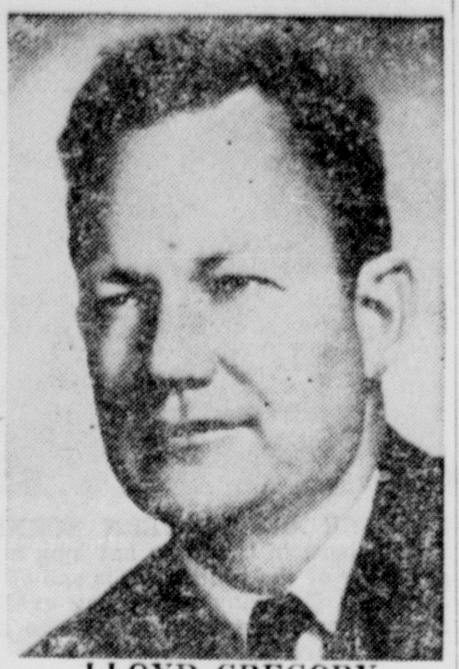

From 12:30 p.m. luncheon will be served in the Fellowship Hall of the Methodist Church at which time the presentation of the church women will be held.

The afternoon session will begin with special music; report of the assembly of the U.C.C.W., given by Mrs. Flex Harris, president of Texas Council of Dallas.

The district business meeting will be held for the election of officers for the coming year.

Divorces are getting so common nowadays that the men are beginning to believe that all the women want to do is borrow their names for awhile.

**Prominent Houston Sports Writer
Appointed State 1952 MOD Chairman**

LLOYD GREGORY

Lloyd Gregory of Houston, prominent sports writer and news man, has been appointed Texas State Chairman for the 1952 March of Dimes, Basil O'Connor, president of the National Foundation for Infantile Paralysis, announced today.

A partner in the advertising and public relations firm of Gregory-Giezendanner Co., the Texas March of Dimes chairman will serve voluntarily in coordinating the work of campaign directors in cities and counties throughout the Lone Star State. He takes the place of Ed Stewart, prominent Abilene business man, who has directed three state-wide March of Dimes campaigns.

"During the last three years that polio has been on the upsurge," O'Connor added, "The National Foundation has ended each year

in debt. That is why we must launch the 1952 March of Dimes on January 2 instead of January 15, doubling the usual two-week campaigning period.

"The costs of patient care are still tremendously high, and many a boy and girl will require hospitalization for a long period of time. I know that Mr. Gregory will provide the kind of leadership so desperately needed at this time."

Gregory is currently serving as general chairman of "Cullen Day," honoring Mr. and Mrs. H. R. Cullen at the University of Houston-Baylor football game in Houston, September 22.

Gregory was born in Beeville, graduated from the University of Texas where he taught Journalism and for two years headed the Associated Press Bureau in Austin. During the First World War, he was a member of the Marine Corps. It was through Gregory's influence and leadership that the Battleship Texas was permanently berthed at the San Jacinto Battlegrounds.

In Houston, he served as sports editor ten years and vice-president and general manager of the Houston Post four years. Gregory still maintains an active interest in sports with a weekly television program.

In announcing the appointment, O'Connor said Mr. Gregory was assuming his post at one of the most critical moments in the National Foundation's history. "The March of Dimes," he declared, "has not kept pace with the march of polio."

The only thing harder than paying bills is collecting them.

**Crime Committee
Makes Final Report;
Praise Given State**

The Senate Crime Committee in its final report last week singled out Texas for praise in the state's fight against organized crime.

The Kefauver committee, whose revelations shocked the nation, was critical of the law enforcement in a number of states, but in regard to Texas the report said:

"Notable among the achievements in Texas was the Conference called by Attorney General Price Daniel in March which was attended by district and county attorneys from all parts of the State."

**Auto Makers Given
Permit To Hike Prices**

Increases have been granted in the manufacturers' ceiling prices of passenger automobiles, effective Saturday, September 8, the Houston Office of Price Stabilization announced.

Washington OPS officials advised the Houston OPS that the estimated increases may range from 3 to 7 percent, but emphasized that these are only rough estimates. They said the average increase may be from five to six percent.

Houston OPS officials explained the exact amount of the increases is not known, because the automobile industry's new pricing formula will result in varying increases for different manufacturers.

Cameron, Marlin Group Enjoy Vacation In Western States

Mrs. Vada Jenness of Cameron, Mrs. Faye Johnson and daughter, Moree, and Mrs. Lilla Smith of Marlin recently returned from a vacation through a number of western states.

Enroute to California, they stopped at Albuquerque and Gallup, New Mexico, and went through the El Rancho, the world's largest ranch house and witnessed the Indian parade. They went through the Painted Desert on into Las Vegas, Nevada. They saw the Hoover Dam and the Mojave Desert.

They visited in the home of Mr. and Mrs. Ed Gady at San Francisco. Mrs. Cady is a sister of Mrs. Johnson. They toured Chinatown and saw the Golden Gate. They es-

High Winds Damage Chicken Houses In Green Addition; Uproot Trees

According to L. W. Smith, superintendent of the water department, Cameron received .87 inch of rain last Tuesday afternoon.

The sudden downpour was accompanied with high wind but was gladly received as it will temporarily bring relief from the heat wave. Watering of lawns ceased in some parts of town after the shower.

It was reported that the Hoyte Community received approximately the same amount as did Cameron.

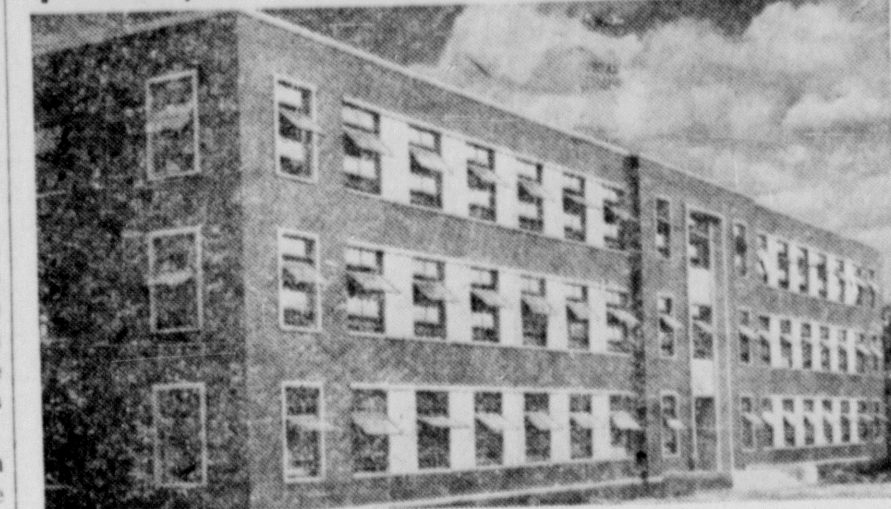

High winds were reported in the Green Addition of the city. Two chicken houses belonging to Glenn Cummings were badly damaged as the wind carried them through the fence tearing down several yards of newly constructed fence.

Both houses were blown onto an adjacent lot. Several trees were blown down along with other minor damage that was reported.

Cotton Harvest Is Progressing In Milam County

Cotton Harvest in most areas of Milam County is progressing fine according to D. S. DeManche, representative of the Texas Farm Employment Commission.

DeManche said that migratory laborers were coming in good and farmers have been very cooperative in finding housing facilities for the pickers.

W. D. Bigbee, who is assisting DeManche in this work, has been very valuable in locating farms for the pickers. Bigbee is well acquainted with cotton fields in this area and he along with DeManche are doing a bang up job.

S. W. McClaren, farmer in the Marlow Community, said the fine cooperation of Bigbee and DeManche in working with the labor situation this year should be appreciated by all the farmers. He said

GINGER ALE IMPROVES YOUR PUNCH

WHEN is punch time? Almost any time when there's a crowd to be served. It's the most convenient way to serve drinks in quantity in summer. A bowl of sparkling punch is an invitation to your guests to help themselves while you relax, instead of tripping back and forth to the kitchen to refill glasses.

To be good, a punch must have distinct flavor, a zippy tang, and it must be cold. Fruit juices for flavor, pale dry ginger ale for tang and plenty of ice for proper chilling—that's your basic punch recipe. You probably have your own favorite combination of fruit juices for a punch. Just try adding ginger ale and you will find the flavor greatly improved. To prevent dilution and to keep excellent flavor down to the last

glassful, it's a good trick to freeze ginger ale ice cubes for your punch.

Here is a quickly made, delicious punch.

GOLD COAST PUNCH

½ cup lemon juice
1 cup pineapple juice
2 cans quick-frozen concentrated orange juice
¼ cup maraschino cherry juice
2 large bottles pale dry ginger ale

Combine lemon juice, pineapple juice and concentrated orange juice; mix well. Pour over ice in punch bowl. Fill bowl with ice cold pale dry ginger ale. Garnish with maraschino cherries and orange slices. Yield: approximately 25 punch cup servings.

Humble Will Broadcast Aggie-UCLA Game Sept. 21

Humble Oil and Refining Co. will kick off its 18th consecutive season of Southwest Conference football broadcasts on Friday, Sept. 21, at 9:20 CST. The game will feature the Texas Aggies versus UCLA in Los Angeles, and will be the first of 45 football broadcasts which the Humble Company will bring to Texas listeners during the 1951 season. On Saturday, four other broadcasts will provide fans with a complete picture of football action during this first weekend of the season. These contests are: SMU versus Georgia Tech and Texas U. versus Kentucky on Saturday afternoon; Baylor versus the University of Houston and TCU versus Kansas that same evening.

A full schedule of conference games, plus all highlight inter-sectional games played by conference schools, will be broadcast over networks comprising 56 radio stations over the state. Schedules are arranged so that fans have a choice of several different broadcasts each weekend.

Familiar microphone personalities describe the games direct from the stadium where the action takes place; Humble's veteran staff of announcers—Kern Tips, Ves Box, Charlie Jordan and Bill Michaels—will handle the play-by-play portions of the broadcasts. Well-known and experienced "color" men will second these announcers and describe the pre-game and half-time activities. Jerry Doggett, Alce Chesser, Eddie Barker, Dave Russell, Bob Walker and John Ferguson comprise the "color" staff.

In order to present the complete radio coverage to which Texas fans have become accustomed, Humble broadcasting crews will be kept moving on close-connection schedules throughout the season. These six-man crews are assisted by dozens of behind-the-scenes workers who will make sure that the complex operations run smoothly week in and week out.

Launching Crusade for Freedom

Judy Hatula, of Detroit, prepares to release "pillow balloon" in the nationwide Crusade for Freedom which seeks to enroll 25,000,000 new American members and to raise \$3,500,000 for additional radio stations to penetrate Iron Curtain from Europe and Asia. The 1951 station wagon is one of 49 which the Chevrolet Motor Division has provided for Motorcades to visit principal cities in every state. Balloons used in Crusade dramatize millions of "Winds of Freedom" messages sent to people of Soviet satellite countries. The word "Wolnosc" on the balloon is the Polish word meaning "Freedom."

R. J. Woodum has been named Commander for the coming year. Following the short installation service a barbecue will be served. Tickets may be purchased from Commander Woodum, Joe O'Neill and Herbert Nance.

All legionnaires are urged to be present for the event. This occasion is always one of the main events of the Legion.

.33 Inch of Rain Recorded up To 9:00 A. M. Monday

.33 inch of rain had fallen in the city up to 9:00 A. M. Monday, September 19, according to Alvin Hefft, serviceman for the Cameron Water Department.

Precipitation was still falling and from all indications more rain could be expected in this area during the day, at least it was very hopeful.

Rain was reported in several sections of the state to break the hazardous drouth that has prevailed for the past three months.

Farmers and ranchers as well as Mr. and Mrs. Canasta were jubilant over the possibilities of more rain in this area. Rain at this time is too late to aid the cotton crop but the cattlemen over the county would gladly welcome a five inch.

With todays total, a little over an inch has been recorded for the month of September since we received .87 last week.

Law Enforcement Director Issues Recent Instructions

The Director of Law Enforcement for the Game & Fish Commission has reminded game wardens that guns of game law violators cannot be held indefinitely in all cases.

"Any gun lawfully seized by the game warden may be held and used as evidence in the trial of the person arrested. If, pending trial, the prosecuting authorities decide it will be unnecessary to introduce the gun in evidence at the trial, the arresting officer or the prosecuting attorney should, on his own initiative or upon demand of the owner, return the gun to the owner as soon as it is determined that the gun is no longer needed as evidence.

Milam Chairman Lauded For Efforts For Patient Care

The National Foundation for Infantile Paralysis looks with favor upon the activities of the insurance companies in the field of polio, stated Bill Elmendorf, Central Texas Representative, in his visit to the Milam County Chapter. However, he added, insurance cannot be a substitute for the March of Dimes, pointing out that insurance will not train nurses, doctors, and therapists, pay for equipment and research, nor bring these benefits to the bedside of the stricken.

Mr. Elmendorf added that the people of Milam County should be immensely proud of having L. W. Smith as chairman of their chapter in carrying out the program of patient care in the county.

He said that few people realize that in serious polio cases often \$500 to \$1,000 a month is necessary for proper care. In the realization of this, each case is individually appraised by the Chapter and assistance rendered when needed.

Most families want to do all they can themselves using insurance and other resources, but when polio costs are beyond the ability of families to pay, the local Chapter of the National Foundation will supplement funds. This is not charity.

It is the desire of the people of the nation to help each other when infantile paralysis occurs, as expressed by their contributions to the March of Dimes.

Old-Age Claims Show Substantial Increase

During the first six months of 1951 the Austin office of the Social Security Administration has received an average of 293 claims per month for old-age and survivors insurance. This is a substantial increase over the figure for the same period last year, according to James B. Marley, manager of the Austin office.

Most of this increase is due to changes in the law, which drastically reduced the requirements for eligibility. Under the new rules payments can be made in many cases after as little as six quarters—that 1½ years—in jobs covered by the law.

The new eligibility rule applies to two types of cases:

1. Survivors of workers who have died since August, 1950.
2. Retired workers past the age of 65.

The required six quarters of work may have been done at any time since the law went into effect in 1937, and can be free steady work or scattered jobs with several different employers.

Our effect of the change is that a large number of workers, many well past the age of 65, who were not eligible under the old rules, may now qualify for payments. The majority have already filed applications, but Marley is certain that there are many in the Centex area who have not filed claims and are losing payments.

Prominent Rockdale Physician Gets Appointment as Medical Advisor

Dr. John T. Richards of Rockdale was advised today of his appointment as a Medical Advisor to the State Director of Selective Service, Brigadier General Paul L. Wakefield.

Dr. Richards was recommended by Governor Allan Shivers and appointment was made by President Truman in accordance with the provision of the universal military and training act. Dr. Richards was graduated from the Medical Branch of the University of Texas in 1939, and served internship at St. Paul Hospital at Dallas and Scott and White Memorial Hospitals at Temple.

He entered the Armed Services in October, 1940, as a 1st lieutenant in the Medical Corps and was released from active duty in December, 1945, as a major in the Medical Corps Reserve, U. S.

Army. Dr. Richards served two years overseas as a Chief of Medicine with the General Hospital. He returned to Rockdale and entered practice in 1946 where he is now owner-operator of the Richards Hospital and Clinic.

Dr. Richards' duty with Selective Service will be to furnish such advice concerning the physical and mental condition of draft registrants as the State Director of Selective Service may need.

"We consider ourselves fortunate in obtaining the professional services of Dr. Richards as a Medical Advisor," General Wakefield commented, "and we appreciate his willingness to serve his State and Nation in this respect."

New Slot Machine Law to Become Effective September 7

Sept. 7 is S-Day for Texas law enforcement officers as the new anti-slot machine law becomes effective.

Passed by the 52nd Texas Legislature, the new law was slated to become effective 90 days after the legislature adjourned on June 8. That's Friday, Sept. 7.

Slot machines were the principal target of the legislature's series of anti-crime bills. The new law given owners or those "possessing" slot machines until Sept. 7 to get rid of such machines. After that possession of slot machines can mean two to four years in the penitentiary.

The crux of the new law is that mere possession is illegal. It has been against the law in the past to operate or "run" slot machines. But gamblers have evaded the law by saying that the machines were being stored and were not being played.

Local law enforcement officers have had a difficult time proving that the machines were being played or operated. Under the new law, police officials can seize the machines on sight.

Most of the slot machines in Texas have already disappeared. They have been sold and sent to Nevada and to foreign countries. Slot machine owners in Texas did not like the thought of going to the penitentiary and losing the money they had invested in such machines so they sold them.

Sheriffs, chiefs of police and other officers in most counties in Texas have said they intend to complete the clean up of slot machines today and seize the few machines still being operated in the state.

Curry School District Is Now A Part of Cameron School District

The school election for the consolidating of the Curry School District with the Cameron district carried by a 13 vote majority, according to Judge Dan Tyson. The election was held Saturday, Sept. 1, 1951.

Here is how the districts voted for and against. Curry for 30, against 77; Belmena for 12, against 0; Vogelsang for 21, against 0; Walkers Creek for 27, against 0; Cameron for 150, against 2.

Voting boxes were set up at Curry, Belmena, Vogelsang and Walkers Creek school houses. In Cameron voting took place at the courthouse and the Yoe High School Gymnasium.

Doves May Be Scarce In This Area Due To Extended Drouth

Uncertainty shrouded hunting prospects as Texans prepared to open the northern zone mourning dove season at noon Sept. 1.

The Executive Secretary said the record breaking drought was the principal factor in casting so much doubt about the general mourning dove situation.

"We are never certain about mourning doves especially early in the season," said the Executive Director. "The shooting generally is spotted during the first phase of the shooting."

He said there was more than usual interest in the early hunting reports because of the known fact that the drought has cut dove production somewhat in Texas.

Will Attend The University of Houston

Loveless Jamison, dean of men at Baylor University, will attend the University of Houston for the coming year.

Jamison was granted a year's leave of absence and has been dean of Men at Baylor since 1948. He is a graduate of Baylor and also Yoe High School.

He is one of many Milam County men who hold outstanding positions in colleges over the state. He is the son of Mrs. Jamison and the late J. A. Jamison of Jones Prairie, members of a prominent family in that section of the county.

Ask any GMC owner about hauling performance.

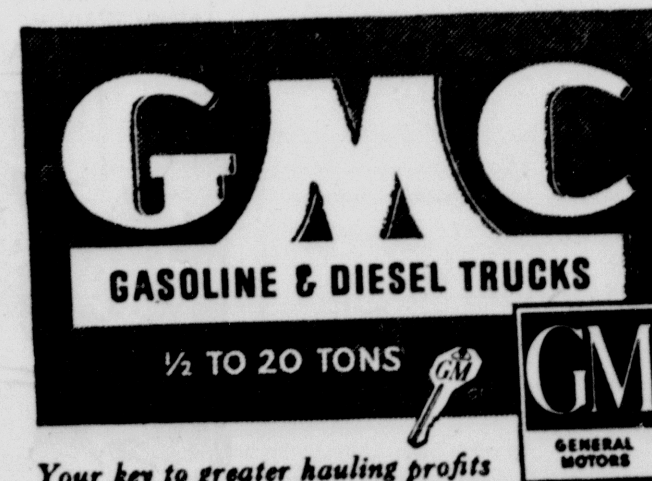

For when it comes to packing home a pay load—he's got a lot of solid experience.

He knows what the right kind of horsepower can do for trucking profits. Whether he powers his load with a gasoline pickup model—or requires one of the sensational new GM-Diesel "Million-Milers"—he's right in the driver's seat for performance unexcelled by any other carrier in its class.

But he's not just "riding an engine."

He'll tell you the way his GMC shoulders the load, year after year, is proof of perfect teamwork of axle, chassis and frame—truck-engineered to outlast anything on the roads today.

Want to profit by the same long-time benefits of GMC's truck-building experience? Let us recommend the right combination of hauling performance to fit your particular needs.

Prize Oil Paintings Exhibition Scheduled At Lone Star Gas Co.

Prize-winning oil paintings by seven nationally prominent Texas artists will be exhibited publicly at the Lone Star Gas Company office

in Cameron on September 17 and 18, according to an announcement by J. R. Bush, district manager for the gas company. The paintings, Mr. Bush said, include portraits, landscapes and still life and each is typical of the Southwest.

Among the seven paintings to be seen at the display is one by Fred Darge of Dallas, a native of Germany whose works have won for him many cash awards and other acclaim at art exhibits throughout the country. This Darge painting, titled "In the Canyon," is a colorful and interesting description of what is reminiscent of the Big Bend

neigh across the floor of the canyon. The earth is dotted with cacti, sagebrush and other growth which thrives in the Big Bend. By the river on the right is a horse carrying a pack of supplies which suggests that the horsemen might be on the way to join saddletraders for the "big roundup." Billowy white clouds hang over the flat hills forming the canyon; the whole scene smacks of wilderness, portraying what some like to refer to as the "wide open spaces."

The artist Darge was born in Germany on March 1, 1900 and attended the Chicago Art Institute from 1924 to 1929. He has exhibited at the Dallas Museum of Fine Arts, the Allied Arts Exhibition, Texas General Exhibitions, the Corpus Christi Caller-Times exhibitions, the Texas Fine Arts Association Exhibitions and the Southwestern Exhibitions of Paintings and Drawings. He has received cash awards for paintings from the Union League Club of Chicago, the Cokesbury Book Store in Dallas, the Dallas Museum of Fine Arts and A Harris and Company of Dallas. Darge is a member of the Dallas Art Association and the Klepper Art Club.

The paintings are to be awarded in January to Lone Star district offices for leadership in customer service.

E. D. Parnell, Research Worker In Poultry Marketing

Seventy-five percent of the breeder turkeys marketed in Texas during the spring of 1950 were Grade A in quality, according to G. J. Mounsey, research worker in poultry marketing with the Texas Agricultural Experiment Station.

Mounsey, E. D. Parnell, professor of Poultry husbandry, formerly of Cameron and R. B. Halpin, association professor of agricultural economics, made a study of 40,719 breeder turkeys marketed in five Texas processing plants. Of this number, only eight percent of the carcasses graded were toms.

The average farm price received for No. 1 Texas breeder toms in this study during the 1951 season was 32.4 cents a pound. An average price of 36.9 cents a pound was received for the No. 1 Texas breeder hens. The No. 1 grade usually includes the A and B birds in the U. S. Grades.

Water Conservation Program To Begin Says Health Officer

A water conservation program must be started immediately by towns, water districts, ranchers, and farmers declared Dr. Geo. W. Cox, State Health Officer.

Dr. Cox said, "Our diminishing water supply, and in many places in Texas the total lack of sufficient water, brings about an emergency that imperils the life and health of the citizenship and brings about a substantial economic loss.

"Municipalities must make plans for additional water supplies. These may come from the construction of dams to impound water during the time of rains and with additional wells. However, the construction of dams is the more practical as the water level in Texas is getting lower each year.

"An immediate water conservation program throughout the state that will provide for the impounding of flood and rain water will contribute more to protecting the health of our people and will add more to our economy than any other known project that could be undertaken. To wait three to five

Hollas and Orsag Win In Swine Show At Buckholts Saturday

Kenneth Hollas, son of Mr. and Mrs. Hugo Hollas of the Splawn Community, and Dwyane Orsag, son of Mr. and Mrs. Pete Orsag of Buckholts, placed their Duroc gilts first in their classes at the Milam 4-H Club Show at Buckholts last Saturday.

The Hollas gilt was bred by Henry Richter of Cameron and won champion of the Sears Foundation gilt class.

The Orsag gilt was bred by James Ernst, Milam 4-H boy and won first in the class sponsored by the businessmen. The West Grain Company sponsored this gilt.

Other boys placing in class one were James Glaser, second; Paul Winkler, third; Floyd Chevalier, fourth; Barton Fuchs, fifth; Hal Benke, sixth; Joe Zajicek, seventh; Howard Gonten, eighth;
